

EC3L – Sprint 1–10 Screen Captures

Generated 2026-02-24

Sprint 1 — Apps Home (My Apps)

The screenshot shows the 'Apps' section of the 'My Apps' page. On the left, a sidebar lists various workspace categories like 'WORKSPACE', 'BUILD', 'GOVERN', and 'ADMIN'. Under 'WORKSPACE', 'My Apps' is selected and highlighted in blue. A single app entry is displayed in a card: 'Facilities Request' by 'facilities-request' (version v1.0.0), with a status of 'installed' and a 'Open →' button.

Sprint 8 — App Dashboard (Getting Started)

The screenshot shows the App Dashboard interface. On the left, there's a sidebar with categories like WORKSPACE, BUILD, GOVERN, and ADMIN, each with a list of sub-options. The 'My Apps' section is currently selected. In the center, the 'Facilities Request' app is displayed, which is installed and version v1.0.0. The 'Getting Started' section contains a message: 'This app hasn't been configured yet. Set it up by adding record types, workflows, or enhancing it with AI.' Below this are three buttons: '+ Add Record Type', 'Configure Workflow', and 'Propose Enhancement with AI'. At the bottom of the dashboard, there's a status bar with a green dot and the text 'System Online'.

Sprint 2 – Primitives (Record Types)

The screenshot shows a software interface with a dark theme. On the left is a sidebar with a navigation menu:

- WORKSPACE
 - Home
 - My Apps
 - Records
 - Builder
 - Create App
 - Changes
 - Projects
 - Primitives** (selected)
 - Shared Primitives
 - Form Studio
 - Vibe Studio
- GOVERN
 - Workflow Monitor
 - Runner
 - Agent Skills
- ADMIN
 - Admin Console
 - Dashboard

At the bottom of the sidebar, there is a status indicator: "● System Online".

The main content area has a header "Primitives" and a subtitle "Schema architecture and record relationships". Below this is a table:

Name	Key	Base Type	Fields	Ver	Status
Incident	incident	task	4	v1	Active
Task	task	-	6	v1	Active

To the right of the table is a large callout box with a database icon and the text "Select a record type to view details".

Sprint 3/5 – App Manage Page

The screenshot shows the 'Manage Facilities Request' app page within a larger application interface. The left sidebar lists various workspace sections like Home, APPS, and Admin. The main area displays app management features such as Modify App, Version information (v1.0.0 installed), and Record Types.

RECORD TYPES

No record types in this app.

Sprint 4 — Create App Wizard

The screenshot shows a dark-themed application interface for creating a new app. On the left is a sidebar with navigation categories: WORKSPACE, APPS, BUILD, GOVERN, and ADMIN. Under APPS, the 'Create App' option is selected and highlighted in blue. The main content area is titled 'Create App' and displays three template cards:

- Facilities Request** (Facilities category): Workspace and facilities request management with approval workflows. Version v1.0.0.
- IT Service Management** (ITSM category): Ticket management with SLA tracking, escalation workflows, and knowledge base. Version v1.0.0.
- HR Onboarding** (HR category): Employee onboarding workflow with document management and approval chains. Version v1.0.0.

At the top right, there are buttons for 'PROD', 'User', and a sun icon. At the bottom left, a status message says 'System Online'.

Sprint 6 – Sidebar Navigation

The screenshot displays a software application interface with a dark-themed sidebar navigation on the left and a main content area on the right.

Top Bar: Includes a blue badge with '3 CHANGEDOPS', a 'Dashboard' button, 'TENANT Default' dropdown, and 'PROD User' status indicators.

Left Sidebar (WORKSPACE section):

- Home
- APPS
 - My Apps** (highlighted in blue)
 - Records
 - BUILD
 - Builder
 - Create App
 - Changes
 - Projects
 - Primitives
 - Shared Primitives
 - Form Studio
 - Vibe Studio
- GOVERN
 - Workflow Monitor
 - Runner
 - Agent Skills
- ADMIN
 - Admin Console
 - Dashboard

Bottom Left Footer: Shows a green dot icon and the text 'System Online'.

Main Content Area: Titled 'Apps' with the subtitle 'Installed applications for your workspace'. It shows a single app entry: 'Facilities Request' by 'facilities-request' (version v1.0.0), labeled as 'installed'. A 'Open →' button is shown next to it.

Sprint 7 – Workspace Landing

The screenshot shows the ServiceNow Workspace landing page. On the left, there's a sidebar with a navigation menu:

- WORKSPACE
 - Home
 - APPS
 - My Apps
 - Records
 - BUILD
 - Builder
 - Create App
 - Changes
 - Projects
 - Primitives
 - Shared Primitives
 - Form Studio
 - Vibe Studio
 - GOVERN
 - Workflow Monitor
 - Runner
 - Agent Skills
 - ADMIN
 - Admin Console
 - Dashboard
- System Online

The main content area has the following sections:

- Workspace**: A summary of apps, changes, and activity.
- YOUR APPS**: Shows a card for "Facilities Request" (installed) and a button to "Install New App".
- ACTIVE CHANGES**: Shows a card for "teet" (1 day ago) with a "Draft" status.
- ACTIVITY & ALERTS**: Shows record types: Incident (incident) and Task (task). It also states "No alerts at this time."
- RECORD TYPES**: Lists Incident and Task record types with their respective labels.
